

Who Are We?

Project Impact Arts In Education is celebrating its 45th year of providing quality arts programs throughout the state of New Jersey and parts of New York State, Connecticut & Pennsylvania.

What is Our Mission?

We embrace the philosophy that early and sustained participation in the Arts gives children an appreciation and understanding for the Arts; has a positive effect on their academic achievement and social behavior; inspires them to be resourceful, innovative thinkers; and encourages them to become informed future audiences and arts consumers.

Who Do We Reach?

Our primary goal is to provide the benefit of quality Arts in Education programs to all young people, inclusive of those who are underserved, such as special needs and at-risk children. Our outreach begins in the schools and extends outward, to engage families and the community in arts-based programs that encourage lifelong learning, improve health and well-being, and enhance quality of life.

How Are We Able To Accomplish Our Mission?

With Your Help!

Because of you we sing, we dance, we act, we laugh, we make music, we create beauty, and the world is a more colorful, vibrant place!

We Thank Our Supporters, Contributors & Arts Advocates

BE AN ARTS ADVOCATE - ENCOURAGE YOUR STATE REPRESENTATIVES TO FUND THE ARTS
